Going up to see what clouds are made of.

A bird's eye view of Moline's Broadway.

To the Graduating Class 1927  
Moline High School  
from R. Admiral William A. Moffett  
July 1927

TO THE 1927 GRADUATING CLASS OF THE MOLINE HIGH SCHOOL:

I think it particularly fitting that you should choose to dedicate your Annual to Aviation. Your city, situated as it is, on the Chicago-Dallas Air Mail Route is one of the cities whose privilege it is to take part in this great pioneering project. Not so many years ago men were pioneering the railway. There were many doubts in those days as to the future of that form of transportation. Today, there are fewer doubts in the minds of our aviation pioneers as to the future of this form of transportation. You who are about to graduate stand on the threshold of a new great adventure. It is particularly pleasing to note that you are alive to this fact. Will it not be interesting for you to turn some years hence to this page of this Annual and compare for yourselves the status of Aviation then and now?

Sincerely yours,

*W. A. Moffett*

## Merit Shield

The Merit Shield Award, given annually to a student of the Senior class who, in the opinion of the judges, stands highest in leadership and character, and who has been of the most service generally to the school, was presented to Jack Ross. The honor, it is evident, is a great one, and the winner is in every respect deserving of it. He is, furthermore, the first to receive this award.

The Merit Shield was purchased by the class of 1926. The cost of perpetual replacement and of engraving names of winners for the respective years on the name plates, is covered by interest accruing from a share of stock purchased for the purpose by this class.

## Latin Medal

The winner of the 1927 Latin medal, an award given annually by the Latin Department to the student making the best average in four year's work, including the college entrance examination, is Keith Caddy. The winner, besides being an excellant student, is editor of the 1927 year book and has been prominent in many ways in his class.

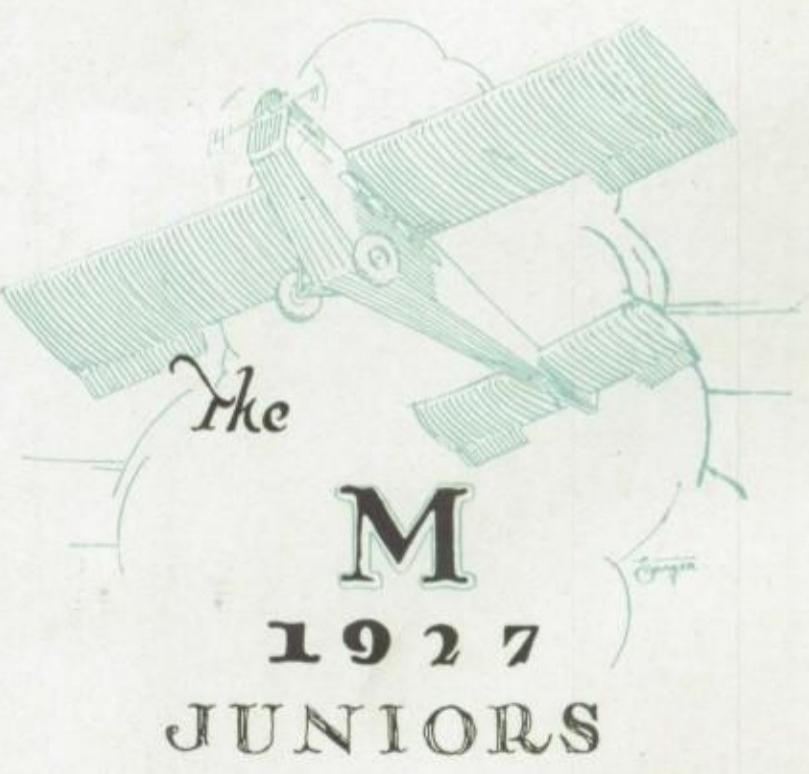

The medal is purchased annually with money taken from the Latin Medal Fund which was founded in 1921, with proceeds coming from the Latin Play.

### Girls' Declamation

Ten girls competed for places on the Girls' Declamation Team on the evening of Friday, October 29th. The first three places went to Marie Hankla, Laverne Madison, and Ruth Sklovsky respectively. The other three members of the team were Carol Conelly, Crystal Gentry, and Mildred Okerson.

Moline was defeated in the triangle with Rock Island and East Moline on November 1st, the Islanders placing first, and East Moline second. Marie Hankla, however, received second place in our auditorium in the contest with Rock Island. Crystal Gentry also placed second at East Moline.

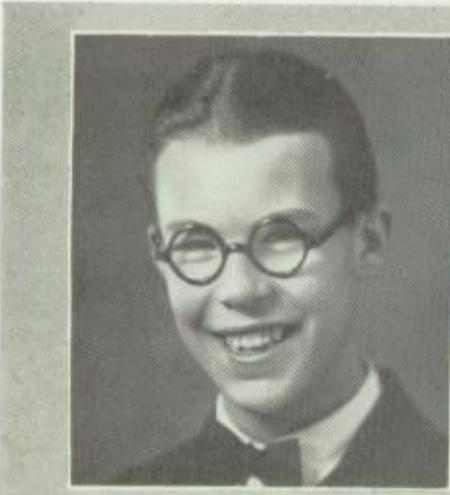

In the Big Nine held in Galesburg on Friday evening November 5th, Moline was signally successful. Marie Hankla, our representative, presented "The Man on the Kerb", and was given first place by a high vote of the judges. She deserves much credit for her fine work. Rock Island and Kewanee took the second and third places.

### Boys' Declamation

The Local Boys' Declamation Contest was held on the evening of December first. Of the nine contestants, the six chosen to represent the school in the dual contest with Rock Island were Miller Brown, Howard Colson, Richard Dornacher, Burton Fryxell, Richard Johnson, and Erdie Morris. Erdie Morris, Howard Colson, and Burton Fryxell won the first three places.

Moline held the dual contest with Rock Island on the afternoon of December 6th. The Islanders were successful in winning this meet, but Erdie Morris won second place in our auditorium, presenting "Clanging Hours." Howard Colson, giving "Tom O' the Gleam", received second place in Rock Island.

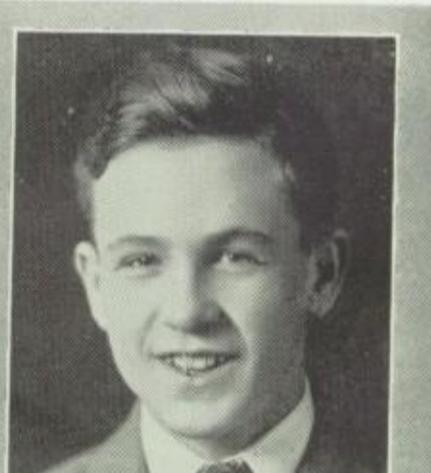

By virtue of his high ranking in both preliminary contests, Erdie Morris represented Moline in the Big Nine at Princeton, Friday evening, December 10th. Moline received third place, Geneseo and Rock Island winning the first and second places.

### Affirmative Debate

The Big Nine Debate question this year was, "Resolved: That a Department of Education, with a secretary in the president's cabinet, should be added to the executive departments of the United States government." Our affirmative team consisted of Burton Fryxell, Alice Christiansen, and Jack Ross, captain. Erdie Morris was alternate. The team had good success even though the affirmative case was the more difficult to prove.

On Wednesday evening, March 9th, our affirmative clashed with the East Moline negative on the East Moline platform. The decision of the judge was in Moline's favor.

The affirmative was also victorious in the final Big Nine debate with Monmouth's negative, held in our auditorium Friday evening, March 25th. Monmouth presented a strong case, but our representatives successfully established their contentions. The success of the affirmative was due in large measure to their diligence and determination.

### Negative Debate

The negative team this year met with the strongest of competition. Ralph Dolkart, Joseph Rosborough, and Howard Colson, captain, made up the team. Maurine Johnson was alternate.

Their initial debate was held on the home floor the evening of Tuesday, March 8th, with the Rock Island affirmative. The debate was characterized by its closeness, but Moline emerged triumphant.

Possibly the strongest team ever engaged by a Moline team was the Kewanee affirmative, which our negative met at Kewanee in the Big Nine finals, Friday afternoon, March 25th. Although our team was defeated, it was by a single point—a record to be proud of, in view of the competition offered by their opponents.

To have survived the local debates and entered the finals to win the second place, is a great honor to our teams. To Miss Barbara Garst, our coach, goes the credit for producing such successful teams.

### Extempore

A very successful literary season was brought to a close by the Extemporaneous Speaking Contests. The six successful competitors in the Local Contest held Monday evening, April 18th, were Alice Christiansen, Howard Colson, Carol Conelly, Ralph Dolkart, Burton Fryxell, and Erdie Morris. Alice Christiansen, who spoke on "Naval Disarmament" received first place. Carol Conelly and Burton Fryxell, second and third, respectively.

Our team was defeated in the Dual Contest with Rock Island held there on Tuesday afternoon, April 26th. However, Alice Christiansen won first place, and Howard Colson tied for third.

The Big Nine contest was held in Geneseo on Friday evening, April 29th. Our representative, Alice Christiansen, who spoke on "Mussolini" won second place. This is a record of which both the winner and the school can well be proud. First and third places went to Geneseo and Rock Island respectively.

The Athletic Association is the largest and most important organization in the high school. Every student that purchases a season basketball or football ticket is a member of this association.

The association takes care of all athletic activities during the year, the main feature being "M" men's day. That event this year proved to be one of the most successful ever staged.

The Literary Association rivals the Athletic Association in importance as well as size. Each year its membership has increased, making it more widely known. Each person purchasing a literary season ticket is a member of the association.

The association aids all literary activities in the school, mainly financially.

## Girls' After Dinner Club

### OFFICERS

Doris Freed.....*President*  
Helen Carlson.....*Secretary-Treasurer*  
Leona Day, Katherine Lerum.....*Faculty Advisers*

The purpose of the After Dinner Club is to promote a friendly feeling among the Senior girls, who are all eligible to membership. It is one of the oldest clubs, and each year it has been more successful in establishing its purpose.

Their monthly meetings during the past year have been unusually successful. Clever programs were given in the auditorium before going to the cafeteria for one of Miss Weckel's appetizing meals.

This year's production "In Laws and Out Laws" was very successfully staged on April 29.

Don Black.....	<i>Vice President</i>
Robert Schroeder.....	<i>Secretary-Treasurer</i>
Mr. DuCray.....	<i>Faculty Adviser</i>

The Junior Hi-Y has had another successful year under the leadership of Julian DuCray. It is the only club of its kind in this vicinity, and is sponsored by the Y. M. C. A.

It has met once every week to study the Bible. After this discussion, the boys enjoyed some type of athletic recreation.

Upper Row: Felton Bleuer, Willard Johnson, Alvin White, Carl Peterson, Walter Johnson, Kenneth Peterson, Lyle Davis.

Center Row: Harry Fryxell, Louis Dunlap, Richard Henss, Paul Servine, Russell Gustus, LeClaire Ludy.

Lower Row: Carl Zaiss, Richard Bimson, Burdette Cox, Hugo Johnson, Leonard Carothers, Paul Smith, James Kehrer.

### Visual Education Bureau

The Bureau of Visual Education has found this by far its most successful year.

Films have been shown in practically all the departments. In addition to this, seven films, "The Chronicles of America," were shown seven successive weeks in the auditorium.

In comparison with 168 reels shown last year, 222 were reeled off this year. Twenty-nine hundred slides were used. Many improvements have been made and many more are expected to be made next year.

## Editor's Note

The success of the past year's publication is due jointly to the friendly cooperation of an encouraging faculty adviser, a willingly helpful "E. P. N.", the conscientious work of an efficient business and editorial staff, and encompassing all, an earnest fundamental desire to present material of timely news value and an effort throughout toward attractiveness, originality, and humor.

If in Moline High School's social, literary, and sport realms we have consistently recorded that which has best served and pleased our readers, a great part of our aim is realized.

Finally, if in the eyes of the students we have maintained generally the standards of past years, yet have made certain improvements on or contributed worthwhile additions to the paper, we realize, then, a bit of satisfaction.

## Editor's Note

The 1927 "M" is placed in your hands after months of hard work by the editorial and business staffs. Cooperation, on the part of all staff members, has been the biggest factor in the making of this book.

A great many changes are introduced in this annual, different arrangements of pictures, a different type of border, and other new ideas which we hope have improved the book.

As a theme we have chosen aviation, because it is something in which Moline as a community is interested and which is becoming more necessary each year.

We have tried within these pages to present a pictorial review of our school life during the past year. If in years to come your activities in M. H. S. can be recalled by turning the pages of this memory book, then we can feel that we have attained our goal.

*Keith Caddy.*

COCKRELL

GARST

## Literary Coaches

### ELLA M. COCKRELL

A thoroughly business-like element must exist in any association if it is to be marked by success. Miss Cockrell has made this element plainly evident in Moline High's literary activities.

Each year she has guided and advised work on the "M", the Line O' Type, and in the Literary Association until literary events here are rivaling athletics in importance.

### DOLPH LAIN

The unusual success of the Junior and the Senior plays this year more decidedly proved Mr. Lain's high reputation as coach of dramatics in Moline High School. His calmness and deliberation were of special advantage to the casts.

Furthermore, through Mr. Lain's training, better declamation and extempore teams are being produced each year.

### BARBARA GARST

Because of her spirit of friendship combined with capability in everything she undertakes to do, Miss Garst will be respected by all the classes as long as she remains with Moline High School. Through that kind of effort which seems forever filled with new vigor, she has successfully produced debate teams of high caliber.

ATHLETICS

SENNEFF

HOLMGREN

BEAN

## Athletic Coaches

### **George Senneff**

Due to the efforts of Coach Senneff, Moline was able once more to see a championship football team in action. For the last few years, Coach Senneff has produced teams that are real teams. This year's aggregation won eight of ten games. No wonder we're proud of "Coach".

### **William Bean**

Coming to Moline with an unusual record, Bean upheld it by developing one of the strongest lines in the school's history. So fine was Coach Bean's method of forming a strong line that many claimed the team played like a college outfit. Mr. Bean will be a valuable man in Moline High's athletic department.

### **Winfield Holmgren**

Under the capable leadership of "Winnie" the Maroon reserves were shaped into a strong team which proved especially valuable to the varsity squad. Mr. Holmgren has proven a valuable asset to the team of Moline High, for he is the man who builds the foundation of new teams. Moline High could not well afford to lose him.

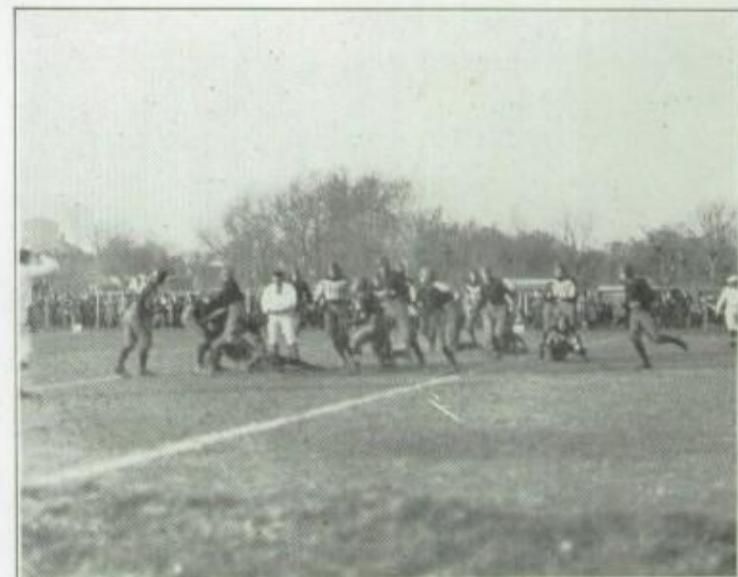

FOOTBALL

ALF JOHANSEN

"Affie" was hampered by injuries throughout the season but played a "Whale" of a game whenever he was in the skirmish. The fighting quarterback will not soon be forgotten.

ACTION

ROYCE MINIER

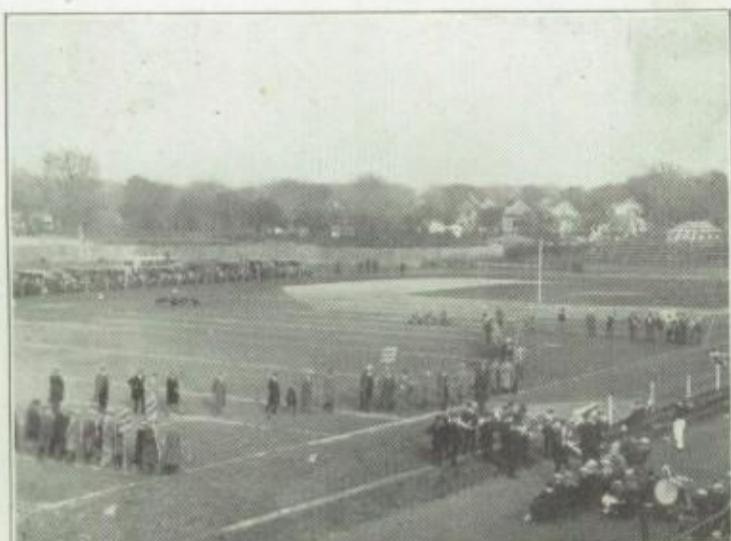

"Red" made his end of the line impregnable. Minier, paired with Humphrey, made an end combination of which any high school would be proud.

CARLETON HUMPHREY

"Humps'" ability to sense plays in advance made him an invaluable player. He was a whirlwind at end, being especially proficient in the art of snagging passes.

LOUIS GIESENHAGEN

The Maroons will be captained next fall by the versatile Giesenhenagen. "Louie" won praise from all who saw him perform. Moline High welcomes him to captaincy with a feeling of security.

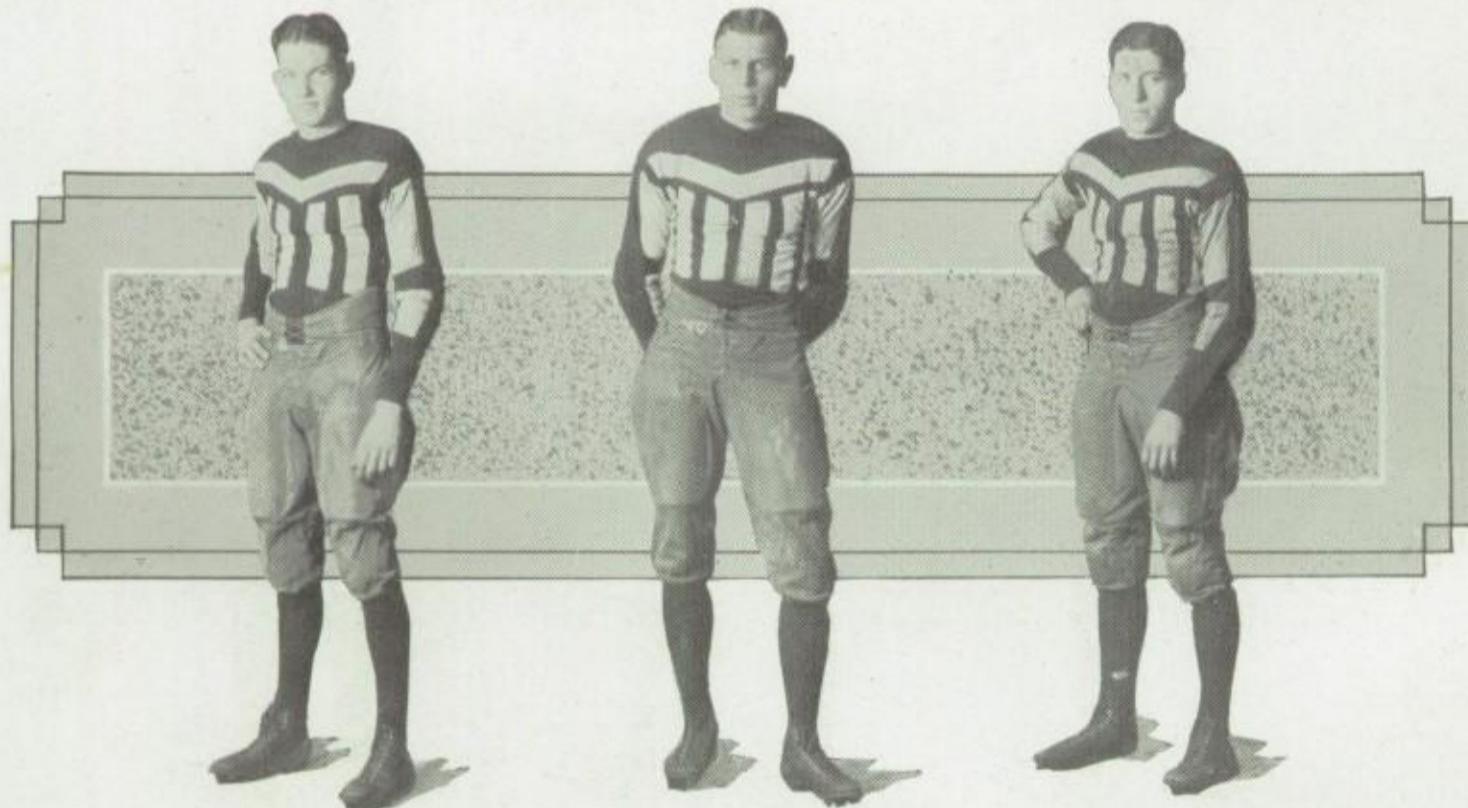

SPIRIT

RAYMOND PEARSON

Players may come and players may go, but few will be like Pearson. "Ray's" performance as tackle and later in the backfield will go down in history. He'll be remembered.

HOWARD BLUE

"Howie" performed brilliantly all season at center. His fighting spirit was at the center of all Maroon onslaughts. He was one of the team's best ground gainers.

GUNNAR CARLSON

Gunnar was a human battering-ram,—one of the best ground gainers on the team. He was proficient, too, in blocking, a trait to which every football candidate aspires.

GEORGE BERNARD

George, playing for the first time on the varsity, made an enviable record for a guard. He played clean football and was usually at the bottom of every tackle.

RICE ARNOLD

"Rosy" was a tornado when turned loose on the field with the ball. He astounded his opponents with his brilliant, twisting, side-stepping type of running.

FIGHT

WILLIAM STONE

"Bill" played any position with the proficiency of a veteran. When a hole was needed in the opponents' phalanx, "Bill" made it. He was a big factor in a fighting machine.

MAURITZ RINGQUIST

In speaking of Ringquist, one says, "Well done". "Morrie" held down his berth very capably, with more experience he is sure to become one of the team's most valuable men.

WILEY DANIEL

Besides being the biggest talker on the squad, "Gabby" was also one of the swiftest runners. He played well in any position and was liked by everyone. He'll be missed..

CLIFTON HYINK

"Cliff" was an excellent captain and an excellent player. He was awarded a tackle berth on the all-state team, an honor accomplished by only one other M. H. S. gridder.

### Our Team

The Maroon squad came galloping through its 1926 schedule with a total of 134 points garnered, while the opponents' total, 52, amounted to less than half that amount.

The Moline boys are to be congratulated. In the first four games they kept their opponents' slate well erased. Then Cedar Rapids loomed up and placed a cipher on the Maroon blackboard, adding, at the same time 33 points to their own scores. Waukegan put another cipher on that board two weeks later, but in the meantime the Moliners had slipped Peoria's scalp into place to the tune of 12 to 6. Finally came Turkey Day. The Moliners left for Rock Island—and came home singing over a 13 to 6 victory. Why should we not smile? Didn't that place the coveted Dispatch trophy in Moline High's possession for the year?

### Moline Reserves

Although Moline High has had more successful reserve squads, this year's team is to be thanked for the splendid aid it gave to the winning varsity outfit. The reserves receive but little credit while they take most of the abuse and punishment. Next year these fellows should form a great team.

The Maroon reserves won only a single game, defeating the Rock Island reserves by a 6 to 0 score. The team had unusually hard luck at Aledo, fumbling twice when only a few yards from goal. The first game of the season, played with Rock Island, was won by the Crimson squad with a margin of two touchdowns. East Moline defeated our lads in the third game of their schedule, 12 to 0.

SAUERMAN-KLINGBIEL

BASKE TBALL

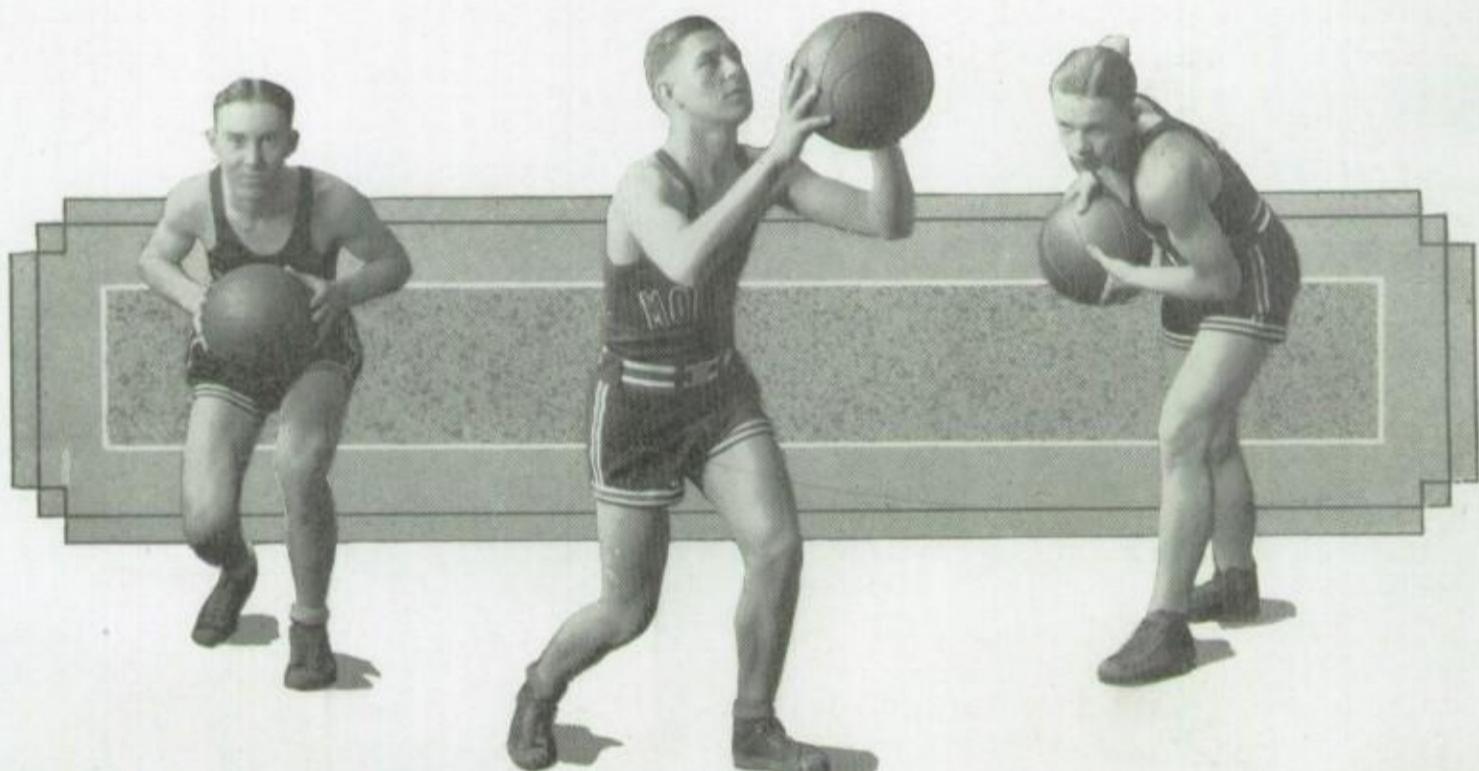

CARLETON HUMPHREY

"Humps" proved to be one of the most popular of Moline captains. He was brilliant as center, and was able, because of his height, to keep the ball in his team's possession most of the time. Humphrey was on every all-tri-city team and won a berth on the sectional team.

GEORGE SENNEFF

Under Coach Senneff's expert hands another winning team was molded. From undeveloped material he made some players whose performance was brilliant throughout the season. Moline High is proud of "Coach."

ROYCE MINIER

"Red" led the scoring of the tri-cities this year, accounting for 128 points. A dead shot on free throws and possessing a fine eye for field goals, "Red" was feared by all opponents. He was placed on every all-tri-city quintet.

ALBERT LARSON

Although it was Albie's first year on the team, he played like a veteran. Larson had a fine eye especially for side shots. Next year should be a banner one for this lad.

WARREN ESTERDAHL

As a result of his fine playing throughout the year "Esty" was awarded the captaincy of next year's quintet. Coolness, steadiness and speed were traits that were evident in this rapidly made basketeer.

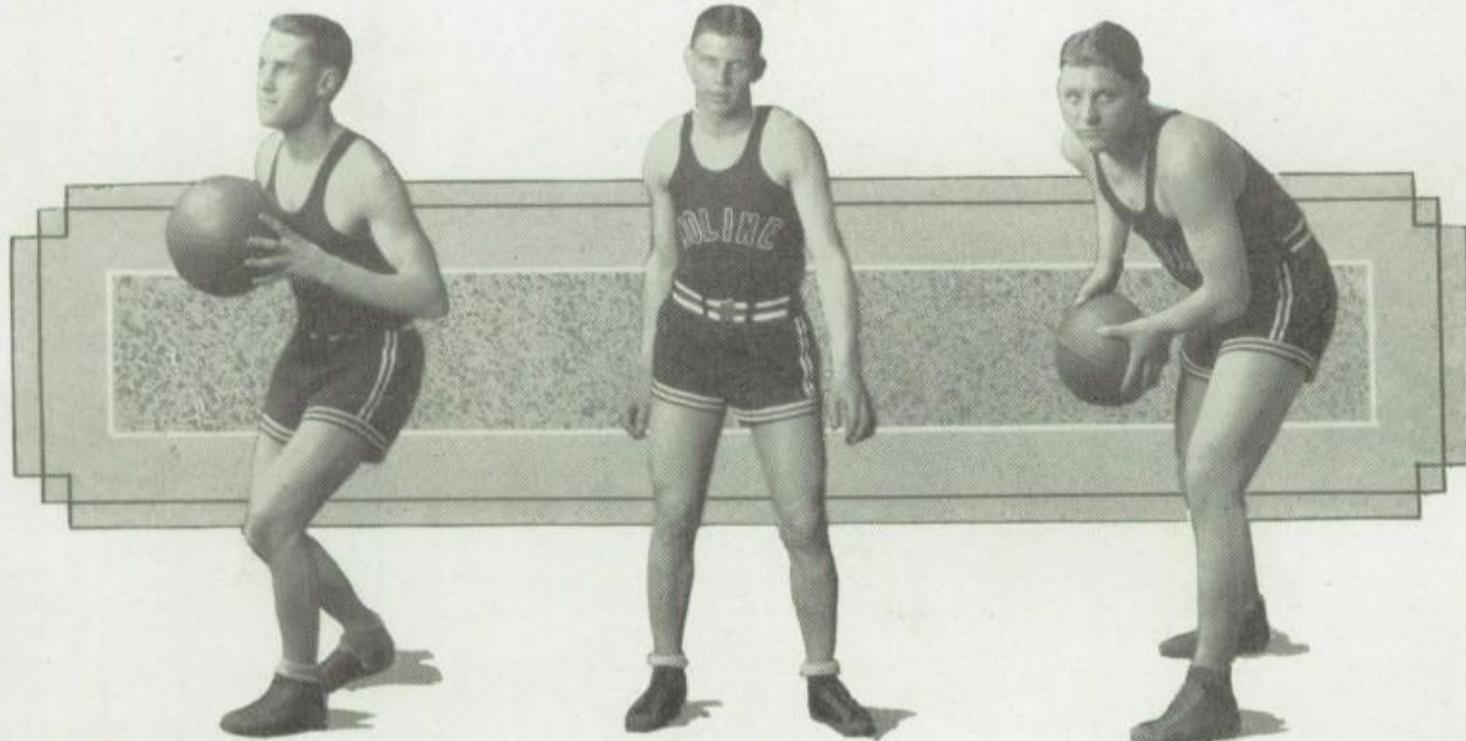

WINFIELD HOLMGREN

Manager Holmgren again developed a reserve team better than most schools even wish for. It is because of "Winnie's" training that Moline High never has to worry about its future quintets.

ALF JOHANSEN

Alf's deadly eye spread disaster to opposing teams. His hobby was to sink baskets from beyond the center of the floor at least twice in each game. Combined with his fine shooting ability was his expert guarding. His absence will be felt.

WILEY DANIEL

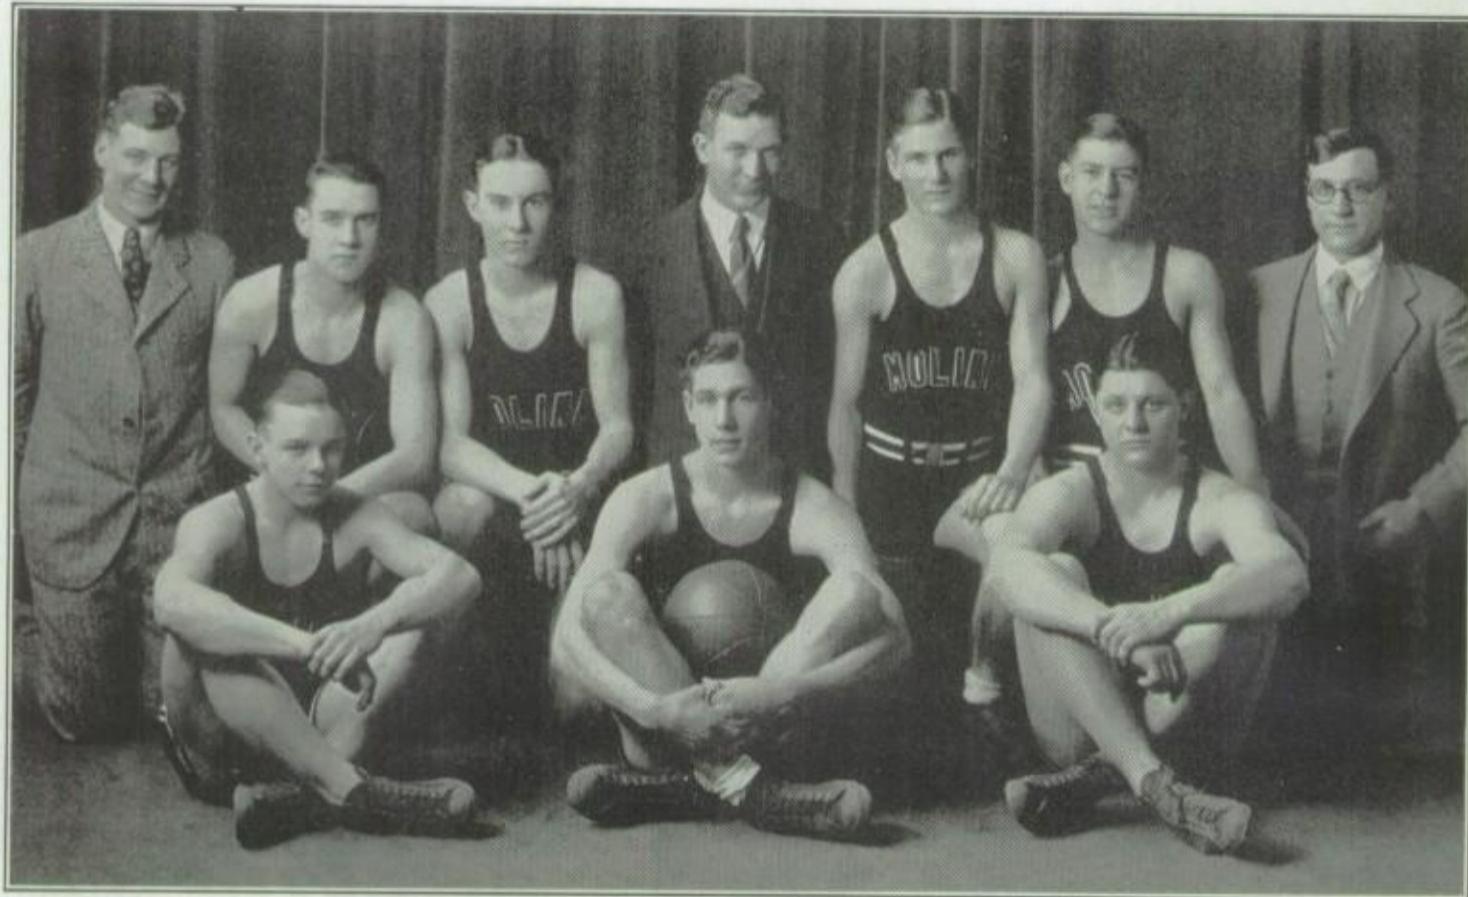

"Noisy" played a bang-up game throughout the year. Daniel was one of the fastest men on the team. His specialty was advancing the ball through the opponent's guards before they knew what it was about.

GUNNAR CARLSON

"Gun" was a safe man in any play. As a guard, Gunnar had few equals. It will be a hard blow for next year's team to be without this capable player.

LOUIS GIESENHAGEN

"Louie" did all that is expected of a guard and more. It was a pleasure to watch the big boy play. He was a five man defense by himself. Besides, he was usually able to slip in a basket or two for the maroons.

Upper Row: Pearson (Trainer), Daniel, Minier, Holmgren (Manager), Johansen,

### Reserve Basketball

The Maroon reserves finished an unusually hard schedule with seven of eleven battles on the credit side of their ledger.

On January 7, the reserves opened their season, defeating Davenport 22 to 18. Annawan reversed that tally for her own benefit next evening. A week later East Moline was sent home with the tail end of a 19 to 15 score. Annawan returned to be nosed out, 16 to 15. Then came Rock Island—and defeat. The Maroons returned with the story 22 to 15 against them. The following week the Moliners ridded themselves of some humiliation by defeating Davenport 26 to 20. They lost more of it by trouncing Reynolds 38 to 28. Augustana Academy then hove in sight and left them thinking about a 19 to 17 defeat. Reynolds bore the brunt of Maroon reaction when she was trounced to the tune of 25 to 18. East Moline was next. She left with the small end of the 26 to 14 tally. Then, on February 28, Rock Island came over—and went home, colors drooping, with the left end of a 19 to 27 score.

Lower Row: Johnson, Larson, Thomas, Esterdahl, Hambergren, Whitfield.

## 1926 Track

Poor luck tagged after Moline High's thinly-clad throughout most of the 1926 season. The tracksters performed brilliantly but were greatly handicapped by scarcity of track timber. The ideal track team consists of one good man for each event, whereas Maroon coaches had to enter one man in at least four or five events.

When the Moliners opened the season, luck smiled on them. An indoor meet was held on April 2 with the Rock Island lads, who were sent home with the little end of a 44 to 37 score.

The Big Nine was run off on May 11. Rock Island came through victorious, having scored  $49\frac{1}{3}$  points. Moline trailed along with a lonesome 9.

An invitation meet was held with the Islanders on May 15. Once more the Crimson lads dashed through to victory, amassing  $45\frac{3}{7}$  points to the Maroons'  $33\frac{1}{4}$ .

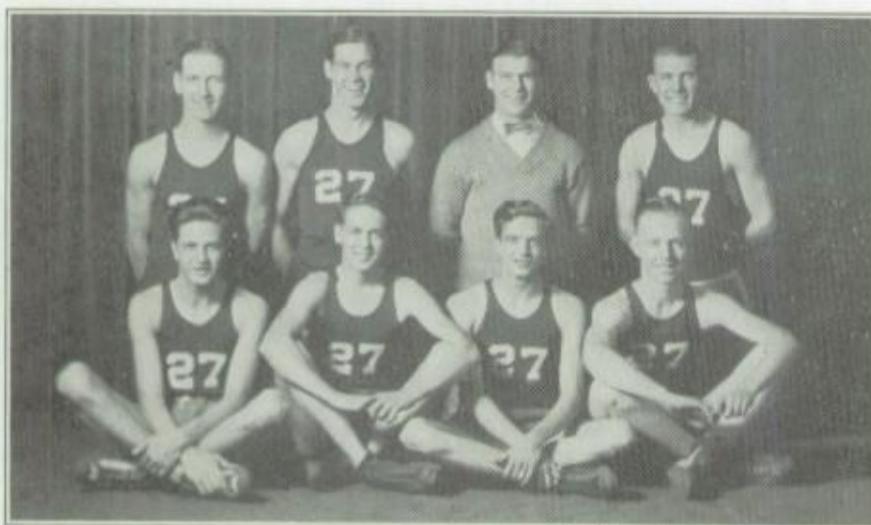

The dual meet with La Salle, the last event of the season, was the same old story. The Moliners showed good form but not enough of it. La Salle took the larger slice of the 105 to 29 score.

CLASS ATHLETICS

## 1927 Basketball

Upper Row: Hoaglund, Caouette, Ellstrom (Coach), Wahe.  
Lower Row: F. Sauerman, Francis, C. Sauerman, Lebbert.

### HEAVYWEIGHT

The team representing the senior class, although the biggest and heaviest entered in the tournament, proved easy for their opponents. The team lost its first game, won the second, and then was eliminated by losing to the '29 boys in the semi-finals. The score was 10 to 3.

### GIRLS

Led by an array of stars, the '27 girls, after tasting defeat at the hands of the 1928's, came back with colors flying to win the championship in fine style by defeating the Juniors to the tune of 32 to 10. They were easily the class of the tournament.

Upper Row: Johnson, Thomsen, Severens (Coach), Carlmark,  
Madison, Fawks.  
Lower Row: Hammer, Swanson, Kellog, Stormont.

Upper Row: Swanson, Dwight, Ellstrom (Coach), Kurrle.  
Lower Row: A. Johnson, H. Johnson, Griff

### LIGHTWEIGHT

The use of an ineligible player probably cost the Seniors the championship. Although winning from the '29 boys they were forced to forfeit the game because one of their players was overweight. It was a hard blow for the team to accept, but they took it in a sportsmanlike way.

## 1928 Basketball

### HEAVYWEIGHT

The Juniors came through with a bang to win the championship, defeating the sopomores in the final game by the count of 12 to 10. To enter the finals, it was necessary for the Juniors to win both of their games. They did it in fine style.

Upper Row: Lundein, Dennhardt, Hodgdon (Coach),  
Lage, Palmer.  
Lower Row: Esterdahl, Hintz, Larson.

Upper Row: West, Ross, Lage (Coach), Gooden, Swanson.  
Lower Row: Kachevas, Smith, Thorngren.

### GIRLS

After defeating the Seniors, the '28 misses became somewhat overconfident in the finals and were badly beaten by the team they had defeated. Next year, the young ladies should have no trouble in annexing the championship.

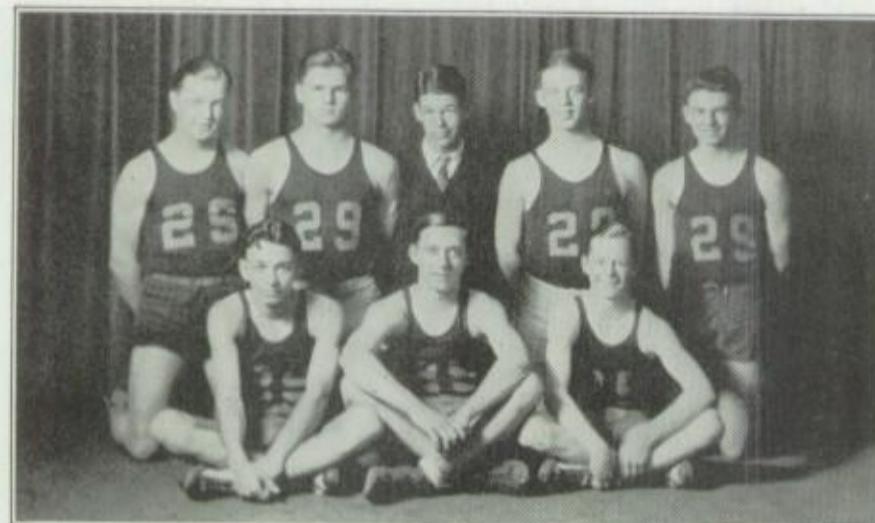

### LIGHTWEIGHT

Although this team was nosed out in the finals, they probably led all other teams in speed and real basketball form. After winning two games they were defeated by the lucky '29 lights in the finals, losing by the count of 19 to 16.

Upper Row: Albright, Hodgdon (Coach), Lindberg, R. Schmidt.  
Lower Row: J. Schmidt, R. Schmidt.

## 1929 Basketball

Upper Row: Brown, Graflund, Esterdahl (Coach),  
Peterson, Rodgers.  
Lower Row: Fancis, Marsell, Nielson.

### HEAVYWEIGHT

The Sophomores were defeated this year by a margin of only two points in the final game of the tourney, when they lost to the '28's, 12 to 10. With these two teams fighting for the crown next year, a thrilling battle can be anticipated.

### GIRLS

With plenty of material, but lacking in height and weight, the '29 girls although playing good ball, were forced out by the '27's in the semi-finals, the count being 12 to 4. With a year or two more of experience, this class should show their heels to all other competition.

Upper Row: Seaholm, Carlmark, Plummer (Coach),  
Johnson, Baker.  
Lower Row: Madison, Peters, Kummer, Crawford, Green.

Upper Row: Anderson, Frankel, Esterdahl (Coach), Grim, Phelps  
Lower Row: Robyt, Lamont, Carlson, Arvidson.

### LIGHTWEIGHT

Luck played a big part in helping the '29 boys win the championship. They won the right to enter the finals only because the '27's used an ineligible player in their second tilt of the tournament. Had this not happened the '27's would have met the '28's for the championship. The tournament next year should be a thriller with these two teams again fight it out for the flag.

## 1930 Basketball

### HEAVYWEIGHT

Lack of experienced men proved to be the downfall of the Freshmen heavyweights. The team played one of the best games of the tourney when it held the Seniors to a 9 to 7 score. More experience is all that is necessary for this team to become a winning aggregation.

Upper Row: Schacht, Munn, Ekblad (Coach), Straw.  
Lower Row: Brown, Covault, Schillinger.

Upper Row: Alsterlund, Coburn, Dwight, Johnson (Coach),  
Krebs, Johnson, Duncan, Abrahamson.  
Lower Row: Caddy, Wolrab, Thorngren, Amos, Palmer

### LIGHTWEIGHT

The 1930 lightweights were eliminated in the first round of play, losing two successive games. Nevertheless, they displayed fine form and were full of fight, a fact that the seniors learned when they were able to defeat them by only a bare margin.

Upper Row: Rosborough, Marsell, Ekblad (Coach),  
Lundholm, Wilson.  
Lower Row: Hyink, Hallberg,

FEATURES

## Football Trophy

In the interests of better sportsmanship and to encourage a deeper feeling of respect for the ability of its rivals on the football field, the Moline Dispatch offered a football trophy, valued at \$150 for the Moline-Rock Island championship.

Permanent possession requires that the trophy be won three times. Moline High's victory over Rock Island at Douglas park on Thanksgiving day brought the trophy to the Maroon case for a year, where it is now on display. Rock Island had previously defeated Davenport.

The original model for the trophy, which represents a ball-carrier in bold bronze relief, charging through the opposing line behind splendid interference, was designed by Jack Lambert, well known sculptor of athletic figures in action. Coaches and other critics agree that the action depicted is realistic in the extreme.

The trophy is mounted on an ebony plaque and measures 35 by 15 inches over all.

Shortly after the close of the season the trophy was presented to the team by L. R. Blackman, editor of the Dispatch, and was accepted for the school and the squad by Clifton Hyink, the retiring captain.

Engraved on the plate, placed on the trophy base for that purpose, is the score of the 1926 game, 13 to 7, and Moline students are confident, with the material Coach George F. Senneff has at his command, the plate will bear a similar inscription shortly after the curtain falls next November.

### The Principal's Page

As I have been asked to contribute a page to this, the fifteenth "M" issued by the Moline High School, it has occurred to me that a brief story of the origin and evolution of the "M" might be of interest.

To the class of 1913 belongs the credit of issuing the first annual in our school. It was no small undertaking. Our enrollment was about 500, so the subscription list could not be large, printing costs were an unknown quantity, engraving a mystery, and advertising an untried field, for at that time the school had no publications at all. There were no precedents of any kind for guidance, and the specter of financial failure loomed large.

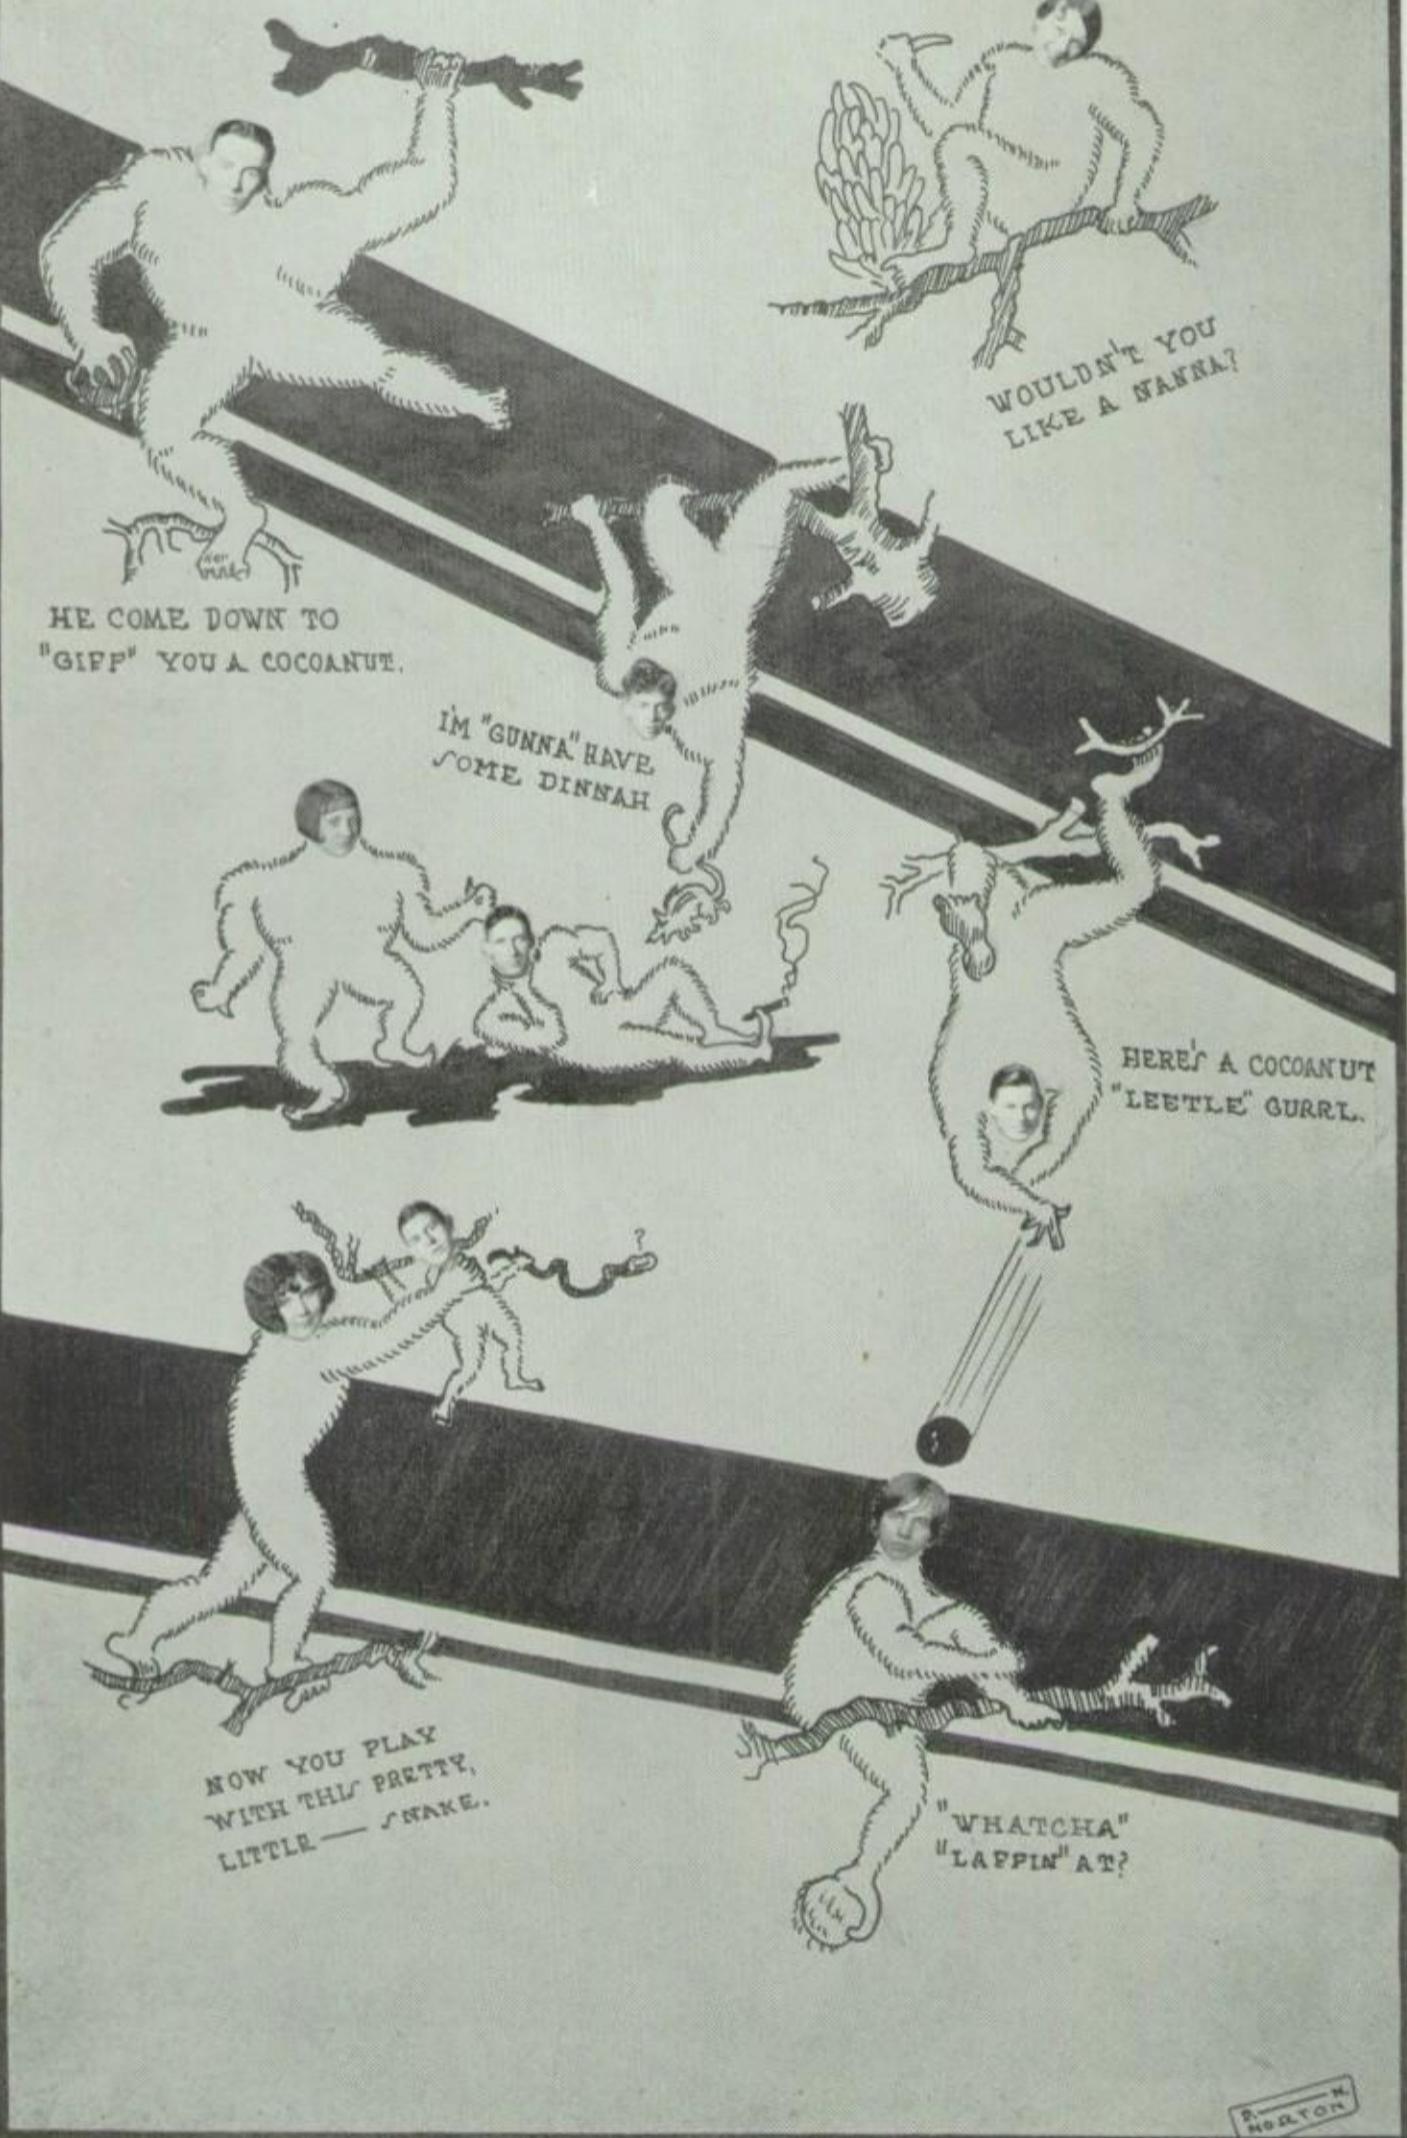

Andrew Kopp, now a Moline attorney, served as chairman of a committee to plan out the project; James Seids, now a physician in Cleveland, Ohio, rounded up the reluctant ads, and Vernet Johnson, later Art Supervisor, edited the book.

Some of the features of the first "M" that would strike us as odd now were the prize stories and poetry, art work all done by the Art Supervisor rather than by the students, the paper cover, tied with silk cord, and the comparatively few pictures. The size of the book was the same as now, but the cost was about four hundred dollars as compared with nearly three thousand dollars now. It sold for seventy-five cents.

Times and fashions change, and fifteen years from now the class of 1942 will no doubt look with amused tolerance upon this 1927 "M", which we now very properly regard as the last word in annual construction. But the value of an annual lies not in its binding, or in its paper, or other features of its mechanical makeup; but rather in the degree to which it makes real again to the reader the eventful, enjoyable days of his high school life.

A handwritten signature in cursive script that reads "E. P. Nutting".

### Lest We Forget

We appreciate the very material interest shown in this school publication by the professional and business men and women whose advertisements appear on the following pages. They have given their whole-hearted support to what they consider a worthy enterprise. They certainly deserve our patronage.

This section of the book also contains bits of humor from the pens of our jesters and cartoonists. You will enjoy reading them.

# A FRESH SENIOR'S DIARY

(\* Illustrated)

## AUGUST

\*Aug. 30—"Hail, hail, the gang's all here." Ready for another year of hard work.

Aug. 31—I'm worse than a freshman. I lost my locker key the first day.

## SEPTEMBER

Sept. 1—I "wisht" I was a boy so I could be a football player. Senneff told "ath-a-letes" to come out for football.

Sept. 2—I didn't buy any gum today. Reason? Miss Crum told us to save our pennies.

Sept. 3—We just started "laboring" when we get a day off for Labor Day.

\*Sept. 7—Free! Free! Complimentary issue of the Line O' Type.

Sept. 9—Maurine Johnson persuaded all of us to buy Literary Tickets.

Sept. 10—Saw Alvin chasing some girls today. He was only practicing for track.

\*Sept. 13—Oh! Money! Money! Pay Day at the Book Exchange.

Sept. 14—Freshman girls step out to a party at the "Y. W."

Sept. 16—Class elections. The "bosses" are: Sid Greenfield, Tom Townsend, '27; Harvey Hintz, '28; Joe Rosborough, '29; Louis Plambeck, '30.

Sept. 17—Phew! It was hot at the Literary Dance tonite.

\*Sept. 21—I surely am getting my money's worth out of my slicker these days.

Sept. 22—Gunnar had a black eye today. 'Twasn't his girl this time tho', but the football.

## A Blacksmith's Vision

At the general store of the Illinois frontier village, just across the street from John Deere's blacksmith shop, people of the new settlement had gathered, to trade and talk of many things.

Reminiscences of events "back East" . . . doings of Blackhawk's Indians on the nearby reservation . . . the government land sales . . . the exploits of Andrew Jackson . . . qualifications of Martin Van Buren . . . the probable duration of the financial panic . . .

And especially, since they were all interested in farming, they talked of John Deere's efforts to perfect his new-fangled steel plow so that it would work under

all conditions in the rich, black, "greasy" prairie soil.

\* \*

They saw him coming and going with trial plows every day. Above the hum of the saw-mill, they could hear him hammering in the shop.

"He'll never do it", said one. "Besides, the old plows work all right in timber land, and there is plenty of timber to be cleared off in this country."

"Deere's got the right idea," said another, "but, my gracious, where will he get the steel? It would have to come all the way from England."

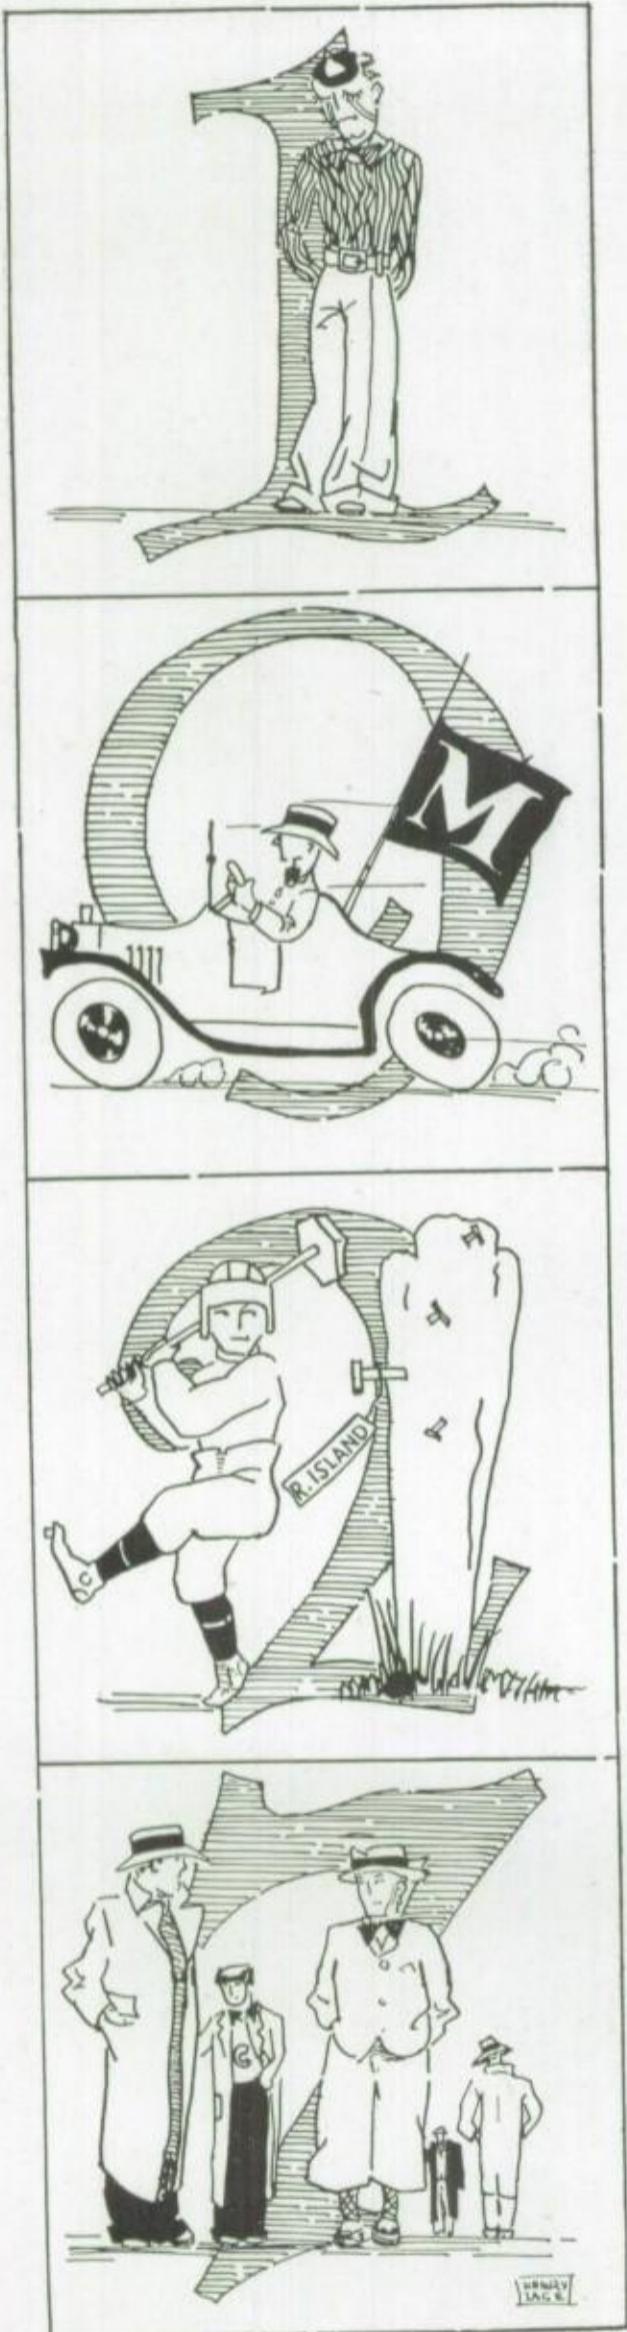

"I told him the other day," said a third, "Damn the odds, John; why all this trouble and hard work? Your plows are good enough; you're the only blacksmith around here, and the farmers will have to take what you make." And he said: "They won't

ever have to take what I make, but they will take it if I build a plow that will do perfect work in this prairie soil, and that's what I'm going to do."

\* \*

That was the vision, the rugged honesty and the unfaltering determination from which resulted the John Deere steel plow in the various shapes which became the world's standards—the steel plow which conquered the wilderness and became a leading factor in making America the greatest of nations.

Later John Deere expressed the same spirit in his familiar maxim, "Build the best and the trade will be quick to appreciate it," and today the same significance is back of the John Deere trade-mark, the badge of quality which goes on every unit in the complete line of John Deere Farm Equipment.

## NOVEMBER

\*Nov. 2—Hi-Y fellows think they look cute with their new caps.

Nov. 3—Junior Play cast finally chosen.

Nov. 5—Fellowship club elects Orville Jors president.

\*Nov. 6—We all climbed out about 6 this a. m. and decorated our "buggies" for the "M" men's Parade. We beat Peoria, too, 12 to 6.

# Moline Daily Dispatch

AS we enter into our fiftieth year as faithful newspaper publishers, we look back and reflect on the splendid record and progress we have made.

Year after year the Dispatch has made great strides towards bettering itself and its community. Not only in its circulation or total advertising inches, which are exceeded every year by the preceding year, but also in its progress towards literary achievements.

We realize that this would not be possible if it were not for the generous help given by the Moline High School Students and its Alumni. We thank you for helping us in making our paper the

*Greatest Newspaper in Western Illinois*

## YOU SHOULD KNOW

That it is only forty-five years since the first electric generating station was opened up.

That gas has been serving mankind but a few years longer.

That today our industrial, commercial and social life is very largely dependent upon these two services.

That cities and industries do not grow beyond the ability to secure reliable and adequate gas and electric service.

That this company has always met the demands for gas and electric service in a creditable manner, thus helping to build up the local communities.

That, in order to render this help, the company has a gas plant and an electric plant at the foot of Fourth St., Moline, an electric plant north of Davenport, electric substations, gas governor houses and an elaborate system of mains and lines.

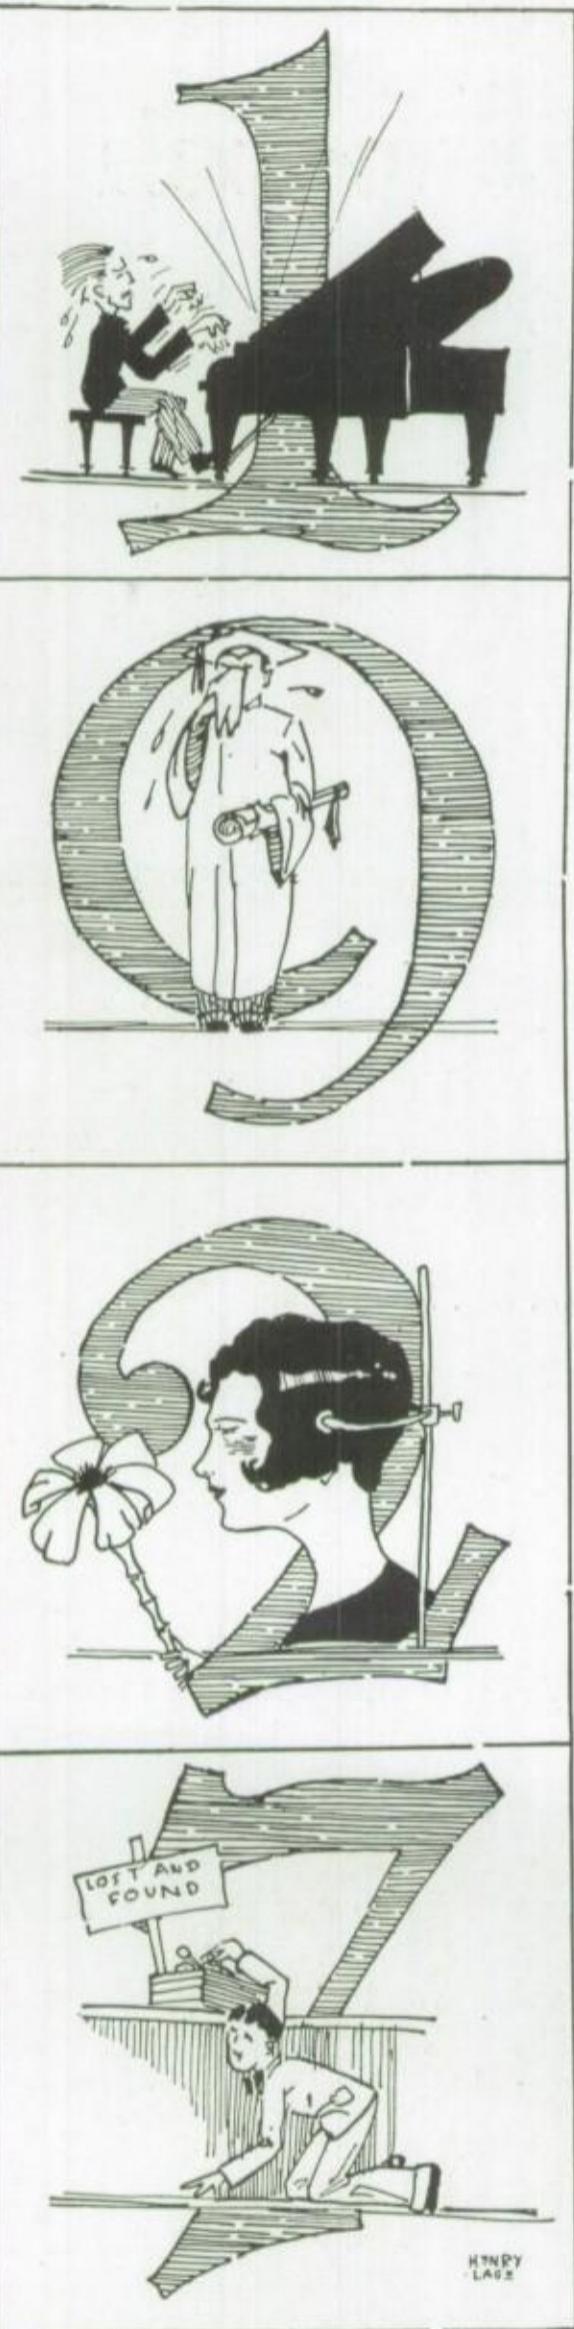

That the structures and equipment just mentioned represent an investment in excess of \$13,000,000.00.

That we welcome you to visit and inspect any and all of our properties.

## Aviation as a Career

To the young man of today Aviation without a doubt offers an unlimited opportunity for an interesting and lucrative career. It is rapidly developing from a weak infant to a lusty youth in the great family of Transportation. With only three means of transportation available: land, water and air, the two former necessarily limited as to speed, the air offers a vast field for the expansion of commerce. That it will ever supersede land and water travel is of course nonsensical but it does offer an immediate solution to the everyday cry for more speed in communication and commerce, and for this reason its future is assured.

*“The Spirit of Friendship lives in a Photograph”*

As the gateway of time swings open for another graduation day, and another class is leaving school to take up life's battle in other fields, then photographs become the only means of fully recalling many happy school-day events.

We are happy to have served as your  
photographers.

May we thank you?

*Fresh  
Air*

Air which has been playing tag with shrubberies and trees yesterday in Colorado, Michigan, or Maine—or any place—is playing mischief with your hat or hair today.

At some point in this distance OLD SOL with the sun rays has purified it, the lakes, rivers, rains have humidified it, and the trees and the shrubberies have loaded it with oxygen.

This pure fresh air is just outside of the window.

The Univent brings this pure fresh air from just outside the window, heats it to a normal temperature and distributes it to every nook and corner of the room.

The Univent changes the air in each room completely eight to nine times each hour.

Ask to have the Univent explained to you. You will find it interesting.

If you want more information write us for a catalog.

## The following Boys won the Class Beauty Contests

- 1927—January Div. Marvin Ellstrom—Because he didn't have much competition.  
1927—June Div. Alvin Dennhardt—Because he deserves it.  
1928—Walter Holcombe—Because he knows he isn't.  
1929—Wayne Chapman—Because he thinks he deserves it.  
1930—Bill Bennett—Because he isn't.  
1931—James Schaible—Because he thought he was.

## We Recommend to the Hall of Fame

- "Chink" Gosnel—Because he comes from Canton and he admits it.  
La Verne Madison—For having stuck it out with Lloyd Grantz.  
Erdie Morris—For no reason at all.  
Melva Carlmark—For taking such good care of Dick Grantz.  
Ward Frances—For making such a hit in the minstrels.  
Maurine Johnson—For giving such motherly advice.  
"Dick" Dornacher—For preserving his roller skates so well.  
Eleanor Bixler—For being the gamest little sport this side of anywhere.  
Ralph Dolkart—Because he would claim he belonged here even if he wasn't mentioned.
- 

## Did You Know that:

- "Evy" Swanson worked at Fritz's for his board?  
George Brumbaugh hails from M. M. A. (Moline Monkey Association)?  
Fred Sauerman and Jane Oakley go together?  
"Gert" Carlmark never swore?

# EDUCATION PAYS

## IN CASH

\$33,000 is the CASH VALUE of a high school course.

Dean Lord, of Boston University, examined the records of the Massachusetts Department of Labor and Industry and found that the high school graduate earns in his life time, \$33,000 more than the student who finished only the eighth grade.

FOUR YEARS IN HIGH SCHOOL IS A GOOD INVESTMENT.

## IN SUCCESS

2756 to 1880 is the success score between high school graduates and eighth grade graduates. Who's Who in America gives the names of 24,278 persons who have attained marked success in any field of effort.

High school education increases the chances for success by 50%.

## IN ENJOYMENT

High school studies bring the student into contact with the various fields of literature, art, history and science, which give him broader visions of life and furnish the power for the appreciation of the big influences of life.

A high school education opens new fields of enjoyment, of interest, provides pleasures and comforts for a life time.
